Re: GN Docket 11-65

Dear Chairman Genachowski and Commissioners:

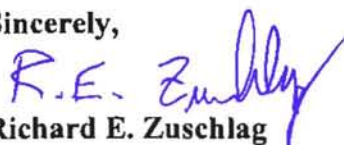

I am writing on behalf of Acadian Companies to ask for your support of the AT&T/T-Mobile merger.

Since 1971, Acadian Companies has been committed to providing the highest level of emergency medical care and transportation possible. Today, we have ground and air ambulance facilities strategically located in areas across Louisiana, Texas, and Mississippi, medics supporting offshore facilities across the Gulf, and monitoring services that are available across the country.

Every day, our employees are out on the line, and they need to be able to stay connected, wherever they are. This proposed merger will expand and enhance LTE mobile broadband coverage across the state of Louisiana, and will be a great benefit to businesses like Acadian Ambulance Service because it will save us time and money, will increase efficiency, will allow us to stay better connected with our customers, and in the end, allow us to save more lives.

I ask that you support this merger because it will be critical to helping our employees communicate on the front lines of emergency response.

Sincerely,

Richard E. Zuschlag
Chairman & CEO
